## TESTIMONIALS

"The Clarity of your teaching simplifies the game tremendously."

*Mike Kuchar, X&O Labs, Senior Research Manager*

"As a coach and parent thanks for a great clinic! We had 3 underclassmen have to step into starting roles up front this year because of graduation and injury. All 3 attended your clinic and that began the training and focus that helped lead us to our **first state championship in 38 years**. We have young men that attend every year and they all come away better linemen. We all get something out of your clinic each year."

*Jim DeSarno, Westfield HS NJ*

"The O-Line techniques that were learned and reinforced at this clinic were a major reason why we were able to capture the **South Jersey Group 5 State Championship!** We had two 1,200 yard rushers, as a team we rushed for 3,400 yards and total over 4,800 yards of offense."

*Bill Dowd, Toms River North HS, NJ*

"I have attended your camps in March the past few years. This year we excelled and won our **first section championship in twenty two years**. Your system gave our Oline confidence that spread threw out the entire football team."

*Brian Maceyak, Pleasantville HS NY*

"Fundamentals are key at all positions but most important for the offensive line. Coach Alercio does a phenomenal job of teaching linemen fundamentals. This is the quickest, most efficient way to improve your offensive line. If you want to dominate the line of scrimmage and protect your quarterback, Coach Alercio's camp is the best out there. It has helped me coach **3 different 2,000 yard rushers** in the Shore Conference"

*Tom Gallahue, Central Regional HS, NJ*
