

TESTIMONIALS

The Clarity of your teaching simplifies the game tremendously.”

Mike Kuchar. X&O Labs, Senior Research Manager

“My relationship with Coach Alercio goes back to the late 80’s at which time, he was my offensive line coach at West Chester University. I have been bringing my players to his Offensive Line Clinics since 2002. **There is not a more knowledgeable coach of offensive line play than Coach Alercio.** In my 10 seasons at Holy Cross, we had a lot of success running the ball, and so much of that, is because of the techniques and schemes that we learned at the OLine Clinic. Many of the drills taught were drills that we used every day on the practice field during the season. His system of teaching linemen will have your players prepared and playing with a high level of confidence. Our players, including my own son, always looked forward to attending the OLine Clinic. It is the “unofficial” start to the season for us.”

Frank Holmes, Former HC, Holy Cross Academy NJ

“I have attended your camps in March the past few years. This year we excelled and won our **first section championship in twenty-two years.** Your system gave our OLine confidence that spread threw out the entire football team.”

Brian Maceyak, Pleasantville HS NY

“As a coach and parent thanks for a great clinic! We had 3 underclassmen have to step into starting roles up front this year because of graduation and injury. All 3 attended your clinic and that began the training and focus that helped lead us to our **first state championship in 38 years.** We have young men that attend every year and they all come away better linemen. We all get something out of your clinic each year.”

Jim DeSarno, Westfield HS NJ

There is an old saying in football that games are won in the trenches. Alercio OLine Clinics have specialized in teaching techniques for the trenches for 20 years. We believe that the true "Skill Players" in football are the offensive linemen. We teach the coordination and execution of learned physical tasks that allow linemen of any size to achieve both individual and team success.
